

## St. Mary's Parish to Show Church, School at Open House Sunday

St. Mary's parish is to have an open house Sunday, Jan. 22. The affair will be held at the new school and church at 195th st., and 115 ave.

It is especially planned so that friends and neighbors of the parishioners in Mokena and surrounding communities will have an opportunity to view the interior arrangements of the new structure.

The hours will be from 2 to 5 and everyone is invited to attend.

Church and school are of brick construction with the school forming a wing running east and connected with the church proper by an enclosed corridor.

The church is lovely in its simplicity of design and color and is furnished with blond oak pews that will accommodate approximately 500 worshippers.

The main altar, and the two side altars, also are of blond wood. The main altar is of the simple table type, surmounted by a frame of the same material from which is suspended a large crucifix, and a canopy. Flood lights that shine down on the altar are concealed within the canopy and in the ceiling.

The entrance to the church is at the north end of the building. The sanctuary is in the south.

The school has space for eight classrooms but all of it is not yet divided. There is a long room along the north side of the wing now used as an auditorium and hall which will be partitioned off to make three rooms later. The first and second grades are being housed this year in one large room but later this will be divided.

The school now has an enrollment of 160. Another family is to move into the parish next week, those in charge of the school said, that has three children so the total enrollment is soon to be 163.

When the school opened in 1949 the total number of pupils was 34, or one less than was enrolled in the first grade last fall.

There are approximately 200 families in St. Mary's parish, or about 900 persons.

Members of the parish are proud of their church and school and are eager to have everyone see it.

Building operations began early last spring. The school was finished first and while not ready when the term opened in September it was put into use in the fall. The first mass in the new church was celebrated at midnight on Christmas Eve.

Church and school represent considerable effort and sacrifice by the parishioners.

The Rev. Cecil Koop is the pastor.

The contracting firm that built the church and school is Erickson and Blanchard of Wilmington.

## Smiles to Head Red Cross Drive in Will County

The appointment of Al Smiles, cashier of the First National Bank of Joliet, as chairman of the Will county chapter 1956 Red Cross campaign for Members and Funds has been announced by Dr. A. M. Bixey, Chapter chairman.

Mr. Smiles has worked on many Red Cross fund drives and was chapter treasurer and a member of the Board of Directors from 1952 to 1955. He also served as associate chairman of the city teams division of the 1955 Community Chest campaign, and is on the boards of directors of the Salvation Army, American Cancer society and the Joliet Association of Commerce.

Mr. Smiles is presently appointing various division chairmen for the Campaign which will be held during the month of March.

## Amvets Auxiliary Will Hold Dance For Mokena Youth

The Amvets auxiliary of Mokena who are working on a project to create wholesome activities for the youth in the area, announce they will hold a social dance in old St. Mary's school this Saturday evening Jan. 21 starting at 7:30 pm.

This dance is for any youth in 7th grade or higher. Those in lower grades wanting to attend the dance must be accompanied by an adult.

Control of parasites, good feeding practices and plenty of water for your laying flock will help to prevent winter pause in egg production.

## Survey Shows Big Growth in S. W. Suburbs

Tinley Park is one of the Cook county suburban communities expected to double its population between 1950 and 1960, according to Northwestern university study.

Markham and Midlothian are expected to make similar gains. Orland Park and Oak Forest will also show substantial growths, but the Northwestern Center for Metropolitan Studies, which is compiling the population of the last two communities named will double.

According to the figures just released from Northwestern, the population of the incorporated area of Tinley Park was 2,326 in 1950; 3,795 in 1955 and is expected to reach 5,000 by 1960.

The 1950 figure for Markham was 2,753; 4,500 in 1955 and its expected total in 1960, 6,000.

The figures for Midlothian are 3,216 in 1950; 4,400 for 1955 and its 1960 population is expected to reach 6,500.

Orland Park's population in 1950 was 788 and in 1955 the figure was 900. In 1960 Orland Park is expected to have a population of 1,200.

The 1950 population for Oak Forest was 1,856 and 2,200 in 1955. It's expected total by 1960 is placed at 3,000.

Cook county suburbs have grown 32 per cent between 1950 and 1955, according to the Northwestern study group, and will experience an additional increase of 23 per cent by 1960. The population of the county's suburbs has swelled by 283,000 since 1950.

This brought the present suburban population of Cook county up to 1,187,000 as opposed to 884,000 in 1950, said Prof. Clyde F. Kohn, chairman of the center.

By 1960 the population would total 1,445,000 outside the city limits of Chicago.

The projected increase of 23 per cent for 1960 represents 262,000 persons expected to establish homes in the 98 incorporated municipalities of the county and 16,000 others who will move into the presently unincorporated area.

Thus the total suburban increase between 1950 and 1960 would be 561,000 persons, or about 61 percent.

The study included the suburban growth expected in DuPage and Lake counties in Illinois and Lake county, Indiana, but did not cover any areas in Will county.

It is estimated that DuPage county will have the greatest increase for the years 1955-60, a gain of about 35 percent. That rate of growth is expected to be nearly equalled, however, by the group of suburbs which lie directly to the south of Chicago.

For the decade, 1950-60, rate of growth for DuPage county is estimated at 75 per cent; for Lake county, Illinois, 54 per cent, and Lake county, Indiana, (northern suburbs) 5.6 percent.

By 1960 the total suburban population of these three counties and of Cook is expected to reach 2,600,000, an increase of 884,000 over the 1950 figure of about 1,716,000.

The Northwestern estimates were based upon field work, studies of building permits and vital statistics, and interviews conducted during December of 1955.

**Asks Permission to Settle Injury Case Of Mokena Teenager**

A petition asking Probate Judge Stuart C. Hutchinson to approve settlement of a personal injury claim of a Mokena boy has been filed by the law firm of Robson, Masters and Ryan.

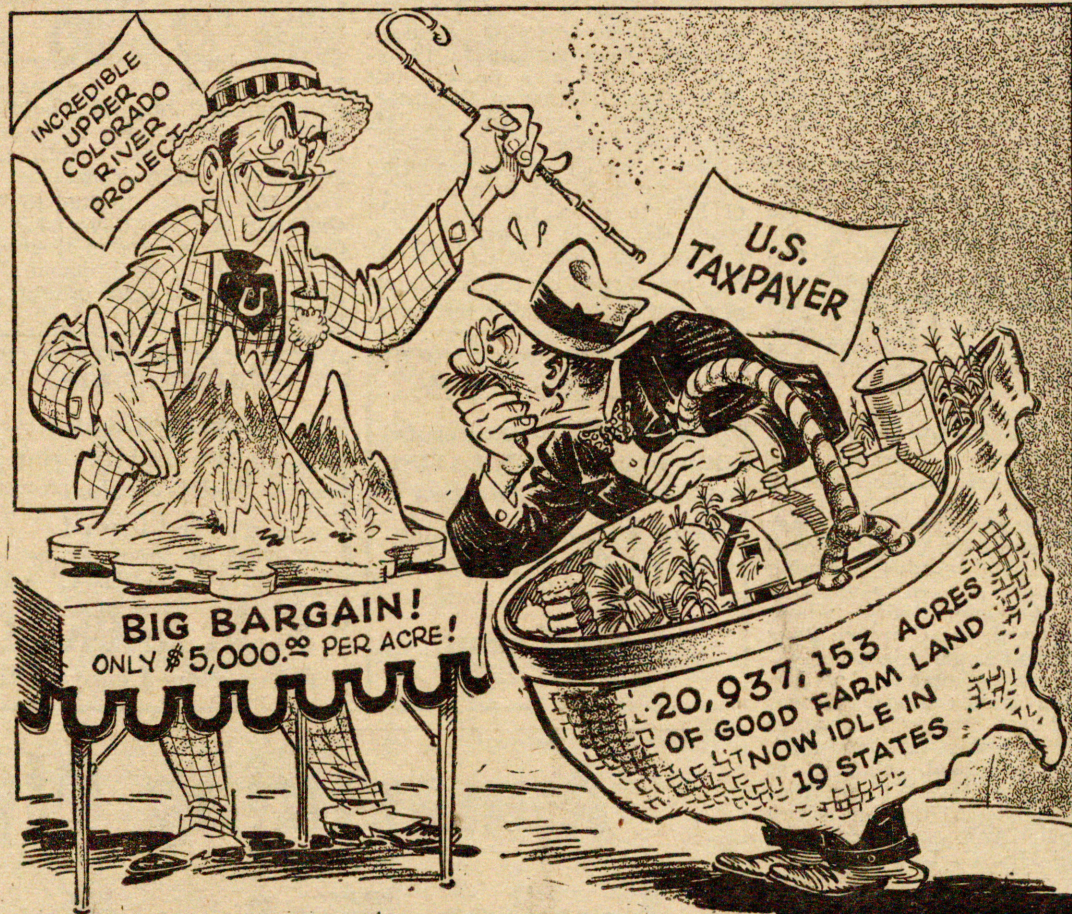

The boy is Hassan Warner, 13-year son of Mr. and Mrs. Roy F. Warner of 323 First st., and the petition sets the amount offered at \$1,750.

The youngster was injured Jan. 22, 1954 when he was struck by a car while crossing Wolf road, according to the petition, and the owner of the car, Ted Rinnman, of New Lenox, is said to have agreed to the proposed settlement.

The father of the boy asks to be named guardian and for authority to accept the settlement. Expenses to be deducted total \$804.73. The remainder, \$945.27 is to be used for the youth's later needs, the petition states.

Make-up: What a girl's finds easier to do with her face than her mind.

NO BARGAIN AT ANY PRICE!

**A RECENT SURVEY**, conducted in 19 States in the Midwest, South and Southeast, reveals that there are nearly 21 million acres of rich, idle farmland available for crop production when more food is needed to feed the Nation. At the same time Government plans are under way to take additional acreage out of production because of the huge surpluses of food the Federal Government now has stored in

bins around the country. Despite these facts Congress is being asked to approve the incredible Upper Colorado River Project to "irrigate" 583,000 acres of arid mountain land in Colorado, New Mexico, Utah and Wyoming at a cost to the Nation's taxpayers of \$4 Billion in added taxes. Figures for the rich, idle land now available were obtained from the U. S. Soil Conservation Service.

## Railroads, Industrial Firms File Objections to Tax Levies of Local School Districts

Tax levies of a number of school districts in this area have been attacked by railroads and industrial firms against collection of various amounts are on file in the Will county court.

The objections are on the 1954 levies, collectible last year. Objections to school levies in the county for 1954 total \$17,586.33 as compared to \$17,162.39 for 1953.

If these objections are sustained by the court it will mean a loss of revenue to the school districts involved and in a majority of instances such objections are sustained. They are filed by railroads and industrial concerns that maintain staffs of tax experts.

Should these experts show the same skill they possess in tax affairs on a rifle range, they would qualify as sharpshooters. When they draw a bead on a levy they seldom miss.

There are still some 1953 objections pending and County Supt. Verne E. Crackle urges school boards and school attorneys to insist that such cases be disposed of promptly.

"If the court sustains the objections to your tax levies, the amount indicated will be lost to your school district," the county superintendent said. "I believe that all districts need all the money that they levy; therefore, boards should plan to send a representative when called for a conference on the objections."

County Judge John C. Cow-

ling will give notice as to the date and time to appear. Hearings will be scheduled by Judge Cowling, Assistant State's Attorney Charles Blum and the attorneys representing the objectors.

Individuals could, of course, file the same objections but to do so would cost them more than the benefit they might receive. The fact that an error in the preparation of the levy results in an objector being excused from payment of a portion of his taxes does not apply to all taxpayers—just the objectors.

Lincoln-Way high school is in the clear. No objections were filed against its levies. The Mokena grade school was not as fortunate. If all objections to the Mokena grade school levy are sustained the district will lose \$1,202.68. Frankfort grade school would lose \$919.56; New Lenox grade schools, \$133.64; Manhattan grades, \$992.88; Reiter school in New Lenox township, \$114.91; the Schmulh school, \$488.85; Francis school, New Lenox township, \$110.63; Marley school, \$346.92; Weiten-dorf school, Frankfort township \$176.76; Ann Rutledge school, \$227.64 and Summit Hill, Frankfort township, \$273.06.

Objections to these taxes were filed by railroads, some by the Rock Island, some by the New York Central, and some by the Wabash.

## Wed 40 Years

Supervisor and Mrs. Fred Yunker, of Orland Park have been married 40 years and in honor of that event their children will hold an open house in the VFW hall in Mokena Sunday evening, Feb. 5 starting at 7:30 o'clock.

They invite all friends and relatives and request no gifts be given.

The children of the honored couple and their families planning the open house are, Arrian, Erwin, Norman, Donald, Dorothy Hentsch and Marjorie Schilling.

## Frank Heisner Has Narrow Escape

Frank Heisner of Frankfort, who figured in what might have been a fatal accident last week, is now improving nicely.

Mr. Heisner and Fred Steinhagen of Mokena, own a corn sheller and do custom work. As they were backing the sheller into their shed on Sauk Trail, Mr. Heisner was atop the sheller and Steinhagen was driving. In some way Heisner fell or was knocked off the sheller and landed just ahead of the back wheel without Mr. Steinhagen being aware of the incident.

Except for the warning shout of a child playing near the Walter Lane home near by, and who saw Mr. Heisner fall, causing Mr. Steinhagen to stop the sheller, the wheel would have run over Mr. Heisner and probably caused his death. As it was he was knocked unconscious. Mr. Steinhagen rushed him to the Hedges clinic from where he was taken to Silver Cross hospital. He received a deep cut above his right eye which required 23 stitches to close.

Mr. Heisner returned home from the hospital Friday and is doing nicely.

Reclamation of surface-mined land pays big dividends. The Pittsburgh & Midway Coal Mining Co., grazes 500 head of top quality cattle on a 5,000-acre tract in southeastern Kansas where legumes and grasses have been seeded.

## Methodist to Pass on Building Plans at Frankfort

All members and friends of Frankfort Methodist church have been invited to be present for the special quarterly conference and congregational meeting to be held Sunday, Jan. 22 at 9:30 am.

The recommendations of the building committee to erect a new building on a new site will be under consideration at this meeting.

Whether the recommendations are to be followed must be decided by a written ballot of members 18 years of age and above at this meeting or at some time in the future when the congregation indicates it is ready to vote.

It is important, it was said, that all members be present at this meeting. Families are asked to bring their copy of the building committee report.

## Mothers March on Polio in Frankfort Set for Jan. 25

The annual Mothers' March on Polio in Frankfort will be held Wednesday evening, Jan. 25 beginning at 6:30 p.m. Those interested in contributing toward this polio fund should turn on their porchlights and some mother will stop for the donation.

## Girl Is Injured In Fall on Ice At Skating Pond

The first accident to happen at the new ice skating pond in Mokena park on LaPorte road, occurred Saturday afternoon about 4 o'clock.

Shirley Peterson, 13, daughter of Mr. and Mrs. Robert Peterson, Woodland circle, was skating on the pond with a group of other young people. In some way she fell on the ice and in so doing, dropped on her left leg. The runner of the skate on the left foot punctured a hole in her right leg just above the knee.

Some of the skaters ran to the Leroy Harley home and reported the accident and Mr. Harley went at once to the pond and took Shirley to her home. She was taken to the office of Dr. E. G. McMahon who administered a tetanus shot and dressed the wound. Shirley, who is in the 7th grade at the Mokena public school, will be confined to her home for several weeks.

## Dentist to Open Office in Mokena

Dr. J. O. Hitz, dentist of Orland Park, and who has his office in Chicago, recently purchased the former Lizzie Moriarity home on Front st., Mokena.

Dr. Hitz is having the home remodeled with the west side of the building being made into a dentist office and reception rooms. He is planning to open his office in March.

As soon as the Henneberry family who live in the house now, are able to find another location, the east side of the house will be remodeled also.

## New Lenox Lions to Hold Skating Meet Sunday

The seventh annual ice skating meet sponsored by the New Lenox Lions club which is to be held Sunday afternoon, Jan. 22, on Hickory creek, is an event eagerly awaited by the townspeople.

The meet, of course, will depend upon the weather and so most residents are keeping their fingers crossed for clear skies and sub-freezing temperatures.

The meet is scheduled to begin at 2 o'clock Sunday afternoon at the east end of Elm st. In the event the weather is such that the event cannot be held this Sunday it will be postponed until Feb. 5.

All residents of New Lenox township are eligible to compete in the various events. There are no entry fees or other charges.

The skating meet is one of many community activities sponsored by the Lions. To mention a few the Lions arrange for Santa Claus to visit the community each year; supervise Small Fry baseball; provide transportation to and from Chicago for sport events and other programs and furnishes a meeting place for many groups, including several youth organizations.

Officials of the Lions emphasize that the club has been able to carry on its program only thru the cooperation and support of the community.

At the skating meet Sunday the club will sell hot dogs, coffee and pop.

There will be five classes in the skating meet Sunday and the Lions will award prizes in each. The classes are as follows: Class A: Girls, 6 years and under; boys, 6 years and under. Class B: Girls, 7 to 9 years; boys, 7 to 9 years. Class C: Girls, 10 to 13 years; boys, 10 to 13 years. Class D: Girls, 14 to 18 years; boys, 14 to 18 years. Class E: Girls 18 and over; boys, 18 and over.

## Adult School to Teach Crafts

A new course in crafts will be offered for the first time during the second semester of the Adult Education program at Lincoln-Way high school.

The course will be taught by Kenneth Kinney, head of the art department at Lincoln-Way. This will be a beginning course and will include work in three media—clay, plastics and leather work. There has been considerable interest in this area and necessary equipment is being purchased in order to provide for this class.

As previously announced, the other courses which will be offered include clothing construction, shorthand, office machines beginning and advanced typing, farm machinery, farm welding, and general agriculture.

There have been a number of requests for driver's training but it will not be possible to offer this course during the second semester because there is no qualified instructor at this time who have schedules that will permit them to take the time for individual driving which this course requires. It is hoped that at a future date it will be possible to include this course.

Registration for the above courses will be held January 19 at the high school office, 6:30 to 9:00. The fee for each course is \$10 for ten sessions.

## PTA Area Council To Hold Founders Day Dinner Feb. 2

The eastern Will County Area council of the PTA will hold their annual Founders' Day banquet Thursday, Feb. 2 at 6:30 p.m. in the Community hall at Beecher.

The speaker for the evening will be the well known Earl Nightingale heard each weekday over radio station WGN at 9:30 am. and 3 pm.

The PTA presidents of Beecher, Frankfort, Green Garden, Lincoln Estates, Manhattan, Mokena, New Lenox and Peotone have plenty of tickets available. Everyone is invited to attend this annual affair.

All indications today point to the speedy ending of Marley's isolation.

Repairs to the bridge that formed an all-important part of the community's outlet to the west are expected to be commenced next week.

This bridge was broken by passage of a heavy truck Dec. 1. Since that time Marley has been cut off from a direct outlet to the west. To go west from Marley one has had to make a detour of approximately 10 miles before arriving at the point on Route 6 that he would have reached had there been a bridge.

In the past 10 days a delegation from the Marley area has conferred with County Highway Engineer James McCarthy at the courthouse in Joliet and held a meeting in the Marley church to urge that immediate steps be taken to give the community an outlet to the west. A foot bridge had been erected by the county to serve pedestrians but motorists, of course, had to detour.

The meeting at the church was held last Friday night with the Rev. Herschel E. Aseltine presiding. Approximately 50 persons were there, including Supt. McCarthy and Supervisor John E. Francis of New Lenox. The Rev. Mr. Aseltine reviewed the disadvantages that have accrued to the community as a result of the broken bridge.

Under ten headings—work, school, church, social life, services, mail, blockade risks, fire protection, medical needs and finally cash costs estimated at some \$200 a week.

Yesterday Supt. McCarthy, Supervisor Francis and Harold Spiess, supervisor of the county highway maintenance division, made another inspection of the broken bridge. As a result McCarthy was to make a recommendation to the good roads committee of the county board today that the span be repaired with the use of timbers.

It has been the practice of the committee to approve the recommendations of its engineer in similar problems so it was believed that—weather permitting—the repairs could be commenced next week and completed by mid-February or possibly sooner.

The repairs contemplated would serve passenger car traffic, it was said, but the bridge could not be used by large trucks.

Such repairs would be only temporary, it was pointed out.

At the December meeting of the board of supervisors a resolution recommended by the good roads committee was adopted which provides for a new west outlet from Marley. The plans call for a by-pass, which would begin with a sweeping curve just east of the Marley church, and then run northwesterly to Route 6, joining that thoroughfare with a wide spread in either direction.

The safety features of this route as compared to widening and re-grading and surfacing Maple or 187th st., which has been the western outlet from Marley, is said to have had a major influence on the committee's recommendation. The by-pass, it was explained, would cross the Wabash tracks at a point where motorists would have a good view in either direction. The Maple street crossing, it was said, is dangerous because the approach of trains is partially obscured and a motorist has only a short view on either side.

Cost of a new bridge, which Supt. McCarthy estimated would run approximately \$70,000 is another major factor with the county board in favoring the by-pass plan.

It was estimated by Supt. McCarthy that to build the proposed by-pass would cost approximately \$130,000. It would cost more, he said, for reconstruction of the roadway on Maple street not counting the bridge, because of its greater length.

In either case it would be necessary to buy right of way. The project would come under the state aid plan and the state would ask for an 80 foot right of way, it was said, whether the route followed Maple street or the by-pass.

If the by-pass is built the county will have to obtain permission from the Illinois Commerce commission to cross the Wabash tracks.

The by-pass plan was sent to the state highway department at Springfield and McCarthy said yesterday that his office has received approval of the proposed project from the state.

There are some persons, that are opposed to the by-pass plan. They say they want a straight road out to Route 6 instead of having a curve as provided in the by-pass plan. They contend that the by-pass would provide Marley with a business street at their expense. A by-pass some said at the meeting Friday night "would be turning the clock backward."

Courthouse observers say that should a serious difference develop as to the location of the road and those in favor of the "straight-ahead plan" be successful in getting the by-pass proposal set aside by the board then the state highway department probably would not take any action, as is the case when road fights arise, and there would not be any road built for years to come. It was also said that state engineers probably would frown on the "straight-ahead" plan anyway because of the safety factor presented by the railroad crossing and the junction with Route 6. The junction with Route 6 is such, it was said, that a person approaching from Marley cannot see traffic coming from the northeast until he pulls out in the highway.

A further discussion of the problem is scheduled at another meeting at Marley church which is to be held Jan. 27.

At the meeting last Friday a vote was taken to get an expression of opinions. Thirty-three persons voted in favor of the by-pass plan and 12 for the "straight-ahead" road.

St. John's church of Mokena is growing.

It is in need of more space and at the annual meeting of the parish a building committee was named to make plans for a parish hall.

The proposed new addition would house the nursery, kindergarten and primary departments of the church school and also provide space for class rooms for other departments.

Provision also is to be made for an enlarged kitchen, a church office and a church parlor.

Roy Kropp is chairman of the building committee and Mrs. Kenneth Fulton is the secretary. Other members are: Hans Mueller, Adolph Steen, Mrs. Clarence Lauffer, Mrs. Henry Clark, Albert Lorenz, Henry Clark Jr. and Theodore Dunham, alternates.

After the committee has completed its work, the plans, together with an estimate of the cost of the proposed improvements, will be presented to the congregation. It will be up to the congregation then to decide whether to proceed.

Other business transacted at the annual parish meeting included the election of three new church trustees for two year terms: Norman Strassenburg, Roy Richardson and Kenneth Warning.

New members elected to the board of St. John's Cemetery Association, for terms of four years each, are: Henry Shevlin, and Edwin Yunker. Elected to serve an exired term of one year was Milton Bettenhausen.

## Advices Motorists To Obey Stop Sign On School Buses

A truck driver who disregarded a halted Lincoln-Way high school bus near Manhattan and went rolling along was later served with a warrant, haled before Justice of the Peace Robert Konoack in New Lenox and fined \$10 and costs.

The driver was Sherman Had-dleston, of Kankakee, who was driving a truck owned by a Kankakee roofing firm. The violation occurred on U. S. 52.

The bus was halted to discharge a passenger. The "stop" arm was extended and the blinker lights indicating that a passenger was being or about to be discharged.

When a motorist sees a halted school bus with the stop arm extended and the blinker lights going he is required to stop, whether he is approaching or following such a bus. This is a state law.

Lincoln-Way's superintendent, A. Hunter Chapman, said he has been receiving complaints from the driver of the bus that delivers students in Mokena between 5:15 and 5:20 p.m. The driver reports, Supt. Chapman said, commuters or persons who come to pick up commuters arriving on the 5:19 train disregard the stop signals on the school bus.

Students getting home at this time are those engaged in athletics, music or other extracurricular activities. Mr. Chapman asks the motoring public to cooperate so it will not be necessary to have arrests made.

posed project from the state.

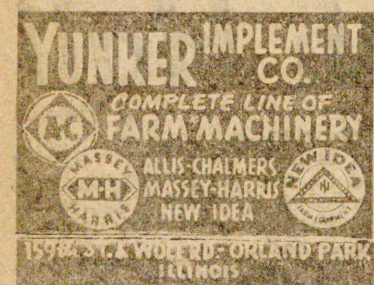

There are some persons, that are opposed to the by-pass plan. They say they want a straight road out to Route 6 instead of having a curve as provided in the by-pass plan. They contend that the by-pass would provide Marley with a business street at their expense. A by-pass some said at the meeting Friday night "would be turning the clock backward."

Courthouse observers say that should a serious difference develop as to the location of the road and those in favor of the "straight-ahead plan" be successful in getting the by-pass proposal set aside by the board then the state highway department probably would not take any action, as is the case when road fights arise, and there would not be any road built for years to come. **Frankfort PMA Local Holds Annual Meeting at Mokena**

The Frankfort local of the Pure Milk Association held its annual meeting in St. John's church in Mokena Jan. 10. The Women's guild of the church served a ham supper.

During the business meeting, Charles Erickson was re-elected president; George Smego, vice president; Richard Erickson secretary-treasurer, and A. H. Krusemark, Frankfort, director. Ralph Stellwagon and Eugene Hinpster were elected delegates to the state meeting to be held in the Conrad Hilton hotel, Chicago, March 10. Herman Barlow and Wilbert Lauffer were named alternate delegates.

After the meeting, Bernard Sexton from the Chicago office of the association spoke at length on milk sales and bulk cooling.

## Drivers Pay Fines After Collision; One Is Mokena Salesman

Two drivers involved in a collision—one of them from Mokena—were each fined \$10 by Justice of the Peace John Stuppy in Lockport last Thursday.

The Mokena man is Wayne Cundiff, 24, of 72 E. Front st., a potato chip salesman. The other person involved is Eugene Mecum, 29, of Buda, Ill., driver of a semi-trailer.

The accident occurred on Rt. 66A at its intersection with a blacktop road leading to Plainfield. Cundiff was pulling out of a service station at the intersection to head south on Rt. 66A when the driver of the semi-trailer, which was traveling north, made a left turn in front of him to enter the Plainfield road. Mecum is alleged to have admitted to state police that he had not turned on his directional signal to indicate a left turn.

The collision occurred between 5:30 and 6 p.m. and it was dark.

State police gave both men tickets, Cundiff was charged with failure to yield right of way and Mecum with failure to signal a left hand turn. Both were found guilty and the fines followed. Neither driver was injured. Cundiff's vehicle struck the cab of the tractor hauling the trailer, and was damaged to the extent of more than \$600.

## Sportsman's Club At Frankfort to Hold Fox Hunt

A fox hunt will be sponsored by the Frankfort Sportsman's club Sunday, Jan. 29. The hunt will start at 10 a.m. from Miller's corner, 183rd and Oak Park ave., Tinley Park.

All hunters are invited to join the hunt as there have been reports of many foxes in this wide area. Prizes of reel, picnic jug, bathroom scale and others are to be awarded.

## Colleges Have Money Trouble

Colleges will need about 800 million dollars a year for the next ten years, says the Kiplinger Letter, if they are to come anywhere close to taking in all of the new applicants.

Tuition doesn't pay the bills and endowments bring inadequate returns. Colleges collected

about 100 millions from business sources in 1955 and the Ford Foundation's additional 300 millions was huge, but only a drop in the bucket. So business giving to colleges will get new emphasis in the future.

If private giving is not sufficient, the time may come when there will be direct government aid to colleges.

World's easiest contest—just go to any Plymouth dealer and register the motor number of your 1950 or newer model car (any make). That's all. Nothing to buy or guess or solve.

It's our chance to celebrate our record-breaking sales—and to make even more friends. It's your chance to win up to \$50,000 in cash—a thrilling around-the-world trip for two, plus \$5,000—or any one of 783 other big cash prizes.

And it's so easy to win: You merely bring proof of ownership—for your 1950 or newer model car—to any Plymouth dealer, and copy your motor number onto the FREE entry blank. See rules.

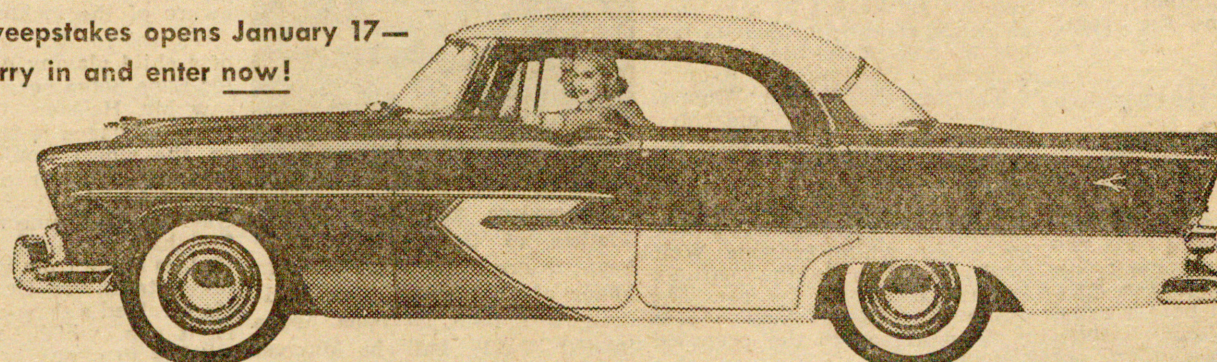

That's all there is to it! There's no obligation—nothing whatever to buy or solve or rhyme. (Sure, we hope you'll look over the new jet-age Plymouth... biggest car of the low-price three... only low-price car with Push-Button

Driving. And we hope you'll ask about Plymouth's red-hot deals.)

Don't miss this chance at \$50,000 or that exciting world trip for two. Harry in to your dealer's now. You may have a lucky motor number!

## Tinley Park WSCS Circles Adopt Blessing Box Plan

The Martha circle met Jan. 10 at Mrs. Alfred Brown's home. Mrs. Willis Nelson gave the devotion. This group is planning time for meditation and a short prayer meeting before Mrs. Jim Marshall the chairman, opens the meeting. The circle voted for the blessing boxes to take the place of project. Each member is selling rubber scrubbers and they have a vagabon basket in circulation. They will meet next month in the home of Mrs. Allen Ebell.

The Dorcas circle spent a pleasant afternoon at Mrs. Glenn Ames' home Jan. 11. Chairman Mrs. Nicholas Schullien, opened the meeting and Mrs. Ernest Yepsen gave the devotion. Decision was made that Blessing boxes will take the place of projects. The circle discussed plans for serving dinner to the "Soil Conservation" people Jan. 24. This is a WSCS project and help is requested. The next meeting will be pot luck at the church.

The Ruth circle met Jan. 10 at Mrs. Hollinghead's home with 14 members and a guest present. Devotions were given by Mrs. Irwin Johnson. A majority vote was cast in favor of the Blessing boxes. The meeting next month will be in the home of Mrs. Wm. Fletcher.

The Miriam circle met Jan. 10 in the home of Mrs. Vern Puffer, with most members present and three visitors. Mrs. Jesse Nugent, chairman, opened the meeting and an interesting letter from Mrs. Richard Nebel was read. Devotions given by Mrs. Clifford Feulner which furnished food for thought. The next meeting will be in the home of Mrs. Vernon Wiley.

The next general meeting will be Feb. 1 with a guest speaker, Mrs. Robert Bruehl, who will talk on the subject of the United Nations.

## Cooper's School Mothers' Club Holds Meeting

The Mothers club of Cooper's Grove school met Jan. 5 with the new president, Mrs. Loren Thuman conducting the meeting. Thirteen members, one teacher, Mrs. Thuman and a guest, Mrs. Thuman's mother, were present.

Plans were discussed for future activities, one of which will be a bunco to be held in April.

Hostesses were Mrs. Tryner and Mrs. Banser.

## Readers Viewpoint

Editor: We taxpayers that are directly interested in the county road which links Wolf road going west on Maple road with Route 6, wish to state:

Due to the fact that the bridge in Marley is broken down, a meeting was called and held in Marley Jan. 13. At this meeting it was fully agreed to have the bridge repaired or a large culvert put in to restore traffic.

It was further discussed what was to be done, a new bridge built or a detour which when going west on Maple road just before entering Marley, turning right thereby going north, crossing the railroad tracks and turning left on Route 6 in order to continue going west again.

To this proposal of having this detour and thereby creating two unnecessary turns on a county road was strongly objected to and referred to as "turning the clock backwards."

The people in favor of this detour admitted they want this road for a business street which is to the advantage of the town of Marley alone.

The following vote was taken:

1. Having a new bridge built thereby having a straight country road.

2. Making a detour thereby giving Marley a business street.

The No. 2 detour proposal was favored as Marley being fully represented was to be expected. A TAXPAYER FOR STRAIGHT AND BETTER ROADS

## Methodist Women Attend Meeting At Chicago Temple

An all day meeting held Jan. 13 in the Chicago Temple, was attended by Methodist women from the Rock River conference area. Dr. William Kirkland of Garrett Biblical institute used the theme "The Light of the World" for his meditation.

The business session was under the leadership of Mrs. Henry V. Loeppert, chairman. Announcement of the dates June 25 through 29 for the summer school of Missions, held at Elmhurst college with four study classes and two workshops available was made. All women's societies are asked to send a representative to attend.

Music for worship was presented by Mary Frances Crowley, Miss Crowley, a soprano, is often heard as soloist with the Sunday Evening club.

A major item of business before the group was the action requested in form of letters to congressmen, regarding laws now before congress concerning the advertisement of liquor in newspapers, magazines and television. Each local society will be asked to take the responsibility of writing for the abolishment of these advertisements.

Those attending this meeting from Tinley Park Methodist church were: Mrs. Harold Zobac, Mrs. George Rowden, Mrs. Ernest Yepsen and Mrs. Harry Brandau.

## Kirby Community Club Furnishes First Aid Room

The Kirby Community club met at the home of the president Mrs. Ray Brumleve, 17200 Odel ave., Tinley Park, Jan. 10 with 14 members present.

It was reported at the meeting that linens and a blanket has been purchased for the new cot in the first aid room at the Kirby school, and also that venetian blinds have been installed in the school office and library.

A discussion was had on the possibility of having a Father's night and a spring dance. Both projects were tabled until the next meeting which will be held Feb. 7 in the home of Mrs. Arthur Bettenhausen, 80th ave.

Following the meeting refreshments were served.

## Ione Lou Janulis Becomes Bride of Edward O'Brien at Orland Park

The wedding of Ione Lou Janulis and Edward O'Brien took place in St. Michael's church in Orland Park Saturday afternoon, Jan. 14 at 2 o'clock. Father Rudke officiated at the ceremony before a candlelit altar which was decorated with sprays of white gladiolus. Red roses, a gift of the bride to the Blessed Virgin, were placed near the Blessed Virgin.

The bride is the daughter of Mr. and Mrs. John Janulis of Alpine and the groom is the son of Mrs. Margaret O'Brien of Worth.

The bride, who was escorted by her father, wore a floor length gown of white net over a bouffant skirt and fitted bodice of white satin. She wore a finger tip veil, which was caught to a tiara trimmed with seed pearls and wore pearl earrings, the gift of the bridegroom. She carried a corsage of white carnations with a large colorful orchid in the center.

A cousin of the bride, Mrs. Joan Rush was matron of honor. She wore a coral taffeta gown of floor length and carried a corsage of blue and white carnations. The bridesmaids, a cousin of the bride, Miss Charlotte Albert, and a sister of the groom Mrs. Arlene Reid, wore identical gowns of floor length coffee

taffeta and carried corsages of pink and white carnations. The junior bridesmaid, Miss Norma Albert, and the flower girl, Miss Iona Lou Rush, cousins of the bride, wore identical floor length gowns of Dixie yellow and carried corsages of blue and white carnations.

Frances O'Brien, brother of the groom, was best man. Others who served the groom were his brothers in law Leonard Teason and Richard Reid and the bride's brother, John Janulis Jr. The groom's brother, Raymond O'Brien, was ring bearer.

The bride's mother wore a Peacock blue dress with pink accessories. The groom's mother wore a white figured dark blue dress with white accessories.

A reception was held in the Gooding's Grove hall at 8 o'clock. The wedding cake was of particular beauty and interest. It was decorated with miniature figures each representing a member of the wedding party and each figure was dressed in the style and color of dress worn by the person it represented.

The young couple plan a wedding trip at a later date. Both are employed. They are living in the house formerly occupied by the Richard Breclaws on 104th ave.

## Clover Belles

The meeting will be held in the educational building and will begin at 8 o'clock and all who are interested in hearing this interesting and well known speaker, are cordially invited. The Rev. Mr. Sorensen speaks from a wealth of experience at Stateville in his contact with the prisoners.

Refreshments will be served.

## One Out Of Three Women Work

There are more working women today than ever before—21 million with paying jobs. Before the war only 27 per cent worked, in 1955 36 per cent did. At present 30 per cent of married women are working, twice as many as in 1940. The number is rising. Women's jobs are plentiful and young couples need the money to lift themselves in living standards. On the national average, the pay for women's jobs has risen less than men's.—The Kiplinger Letter

The Student Council has developed a "Code of Living" to be presented at the meeting for the approval of the student body. One of the most important items contained in this code is to support the school activities such as the basketball games, the girls and mixed choruses and the newly formed band.

The big projects for the Student Council for the coming month is the annual Valentine Party for the upper grades held in the auditorium and of course the annual Magazine Drive. The goal has not as yet been set. Last year the goal was \$2500. The students met it and the Student Council bought the Opaque projector.

#### PATROLS RECEIVE AWARD

**By Ricky Kark**  
The Tinley Park patrols are going to receive a meritorious service award from the Chicago Motor club. The patrols are receiving this award for not having any deaths or injuries while a patrol boy was on post. Lynden DeYoung, a teacher at the Tinley Park school is the head of the patrol. Mr. DeYoung says the patrol is doing fine but some of the patrol boys' mothers want them to quit because it is too cold outside for them. The police are helping the patrol boys by controlling the traffic on cold days.

#### 4TH GRADE MOVES

**By Lynda Nelson**  
Mrs. Phillip's, Miss Dowling's and Mrs. Lankenau's rooms moved to the Bert Fulton school. The teachers, and students walked over in the morning of January 3. They moved from the Tinley Park school, because the school needed more room.

#### BAND GROUP

**By Marlice Ging**  
The band of Tinley Park school has had 11 members added to its present membership of 9. The band which now consists of one trombone, seven trumpets, six clarinets, two bass drummers, three snar drums and one special effects drummer is under the direction of Lynden DeYoung.

The new members are taking lessons from Mr. McCarthy (reeds) and Mr. Crasper (bass). Mr. DeYoung, the director, says, "I feel that by the end of the year our school will have a large and fine band of which we can all be proud."

#### 7TH GRADE NEWS

**By Fran Swisher**  
Seventh grade room 102 of the Tinley Park school is writing a comedy of errors as a project in Lynden DeYoung's English class. Each member of the class writes his interpretation of the happenings in the story and Mr. DeYoung chooses the best written of them to be edited in the final story.

Both rooms 102 and 200 are studying figure drawing in Mrs. Miriam Zahler's art class as are the pupils in fifth thru eighth grades. The theme of the final composition done in color chalk is basketball. Basketball players and cheerleaders will pose.

#### BASKETBALL

**By Kay Swisher**  
On Jan. 4th, the Tinley Park school basketball teams played West Harvey. The game was played in the Tinley Park school gymnasium. The light weight team won with the score of 30 to 25. The high score man was Tom Propp. The heavyweights lost with the score of 38 to 23. Bill Cassell was the high score man.

### The Lincoln Log

#### Turkish Teacher to Visit

The Turkish Teacher center is sending a teacher to Lincoln-Way to observe our school. He is Nurettin Bac, who is principal of the Boys High School at Ayden, Turkey. He will arrive here Sunday, Jan. 22 and will remain in this community during the following week. He will participate in the teachers' workshop on Monday, visit classes, and become generally acquainted with the community and the school.

He is the second teacher from Turkey to visit our school. Last year Sami Akeline spent several days at Lincoln-Way.

#### Band-Chorus Party

The chorus came out second best in the recent contest with the band to determine which would outsell the other in Christmas concert tickets. Consequently the chorus came thru with a grand party Tuesday night, Jan. 10, in the gym. Chaperoned by Mrs. Betty Tryon and her son, Gregory, and Robert Taylor, the members of the band and chorus enjoyed dancing, charades and other games. Following the evening of recreation, the group were served refreshments of barbe-

cues chips and pop in the cafeteria.

#### Attend Play

The Junior-Senior Dramatics club went to Chicago Saturday, Jan. 7, to see the play "Tea-house of the August Moon" by John Patrick. This was the 1954 Pulitzer Prize winner. Most entertaining of the play's characters was that of Sakini, played by Burgess Meredith. The action takes place in Okinawa, where a rather ridiculous officer in the Army of Occupation is sent to rehabilitate one of the small towns. In his attempt to do so, numerous problems arise which make this play a very humorous to the observer.

Since those who attended were so impressed by this venture, plans are being made for future excursions of this nature.

#### Tax Taxes Their Minds

The Senior Common Learning class, one of Lincoln-Way's more diversified and practical courses, is again undertaking the seemingly impossible. With the supervision and guidance of their instructor, Neil Hardy (and any other teacher caught unawares) they are untangling the mass of incomprehensible "bring forward amount on page two, line fifteen, column three", that are contained in a booklet known as the Federal Income Tax Form.

After weeks of delving into the gigantic and complex field of technical knowledge—learning what makes an atom tick and what automation, capital, and radioactive elements have done and can do for American industrial growth, you might think an income tax form of only three or four pages would be a "kick-over". Judging from the puzzled frowns of those bright (?) young faces, it is not. Many optimistic parents with the "now-we-won't" have to pay an expert attitude, were overjoyed to hear that Susan and Bill were learning to make out an income tax form properly. Let's hope that what these seniors learn will stick with them long enough to be of some practical use!

#### Future Homemakers

**By Sheila Bennett**  
The frosh-soph chapter of the FHA met in the Home Ec room Tuesday, Jan. 10. A committee was appointed to draw up possible names for the chapter of the organization. Doris Bobzin, Barbara Mattson and Barbara Walsh are considering possibilities. Three chapter mothers were selected, Mrs. Lichtenwalter, Mrs. Rowsell and Mrs. Schweizer. The mothers are asked to attend all chapter meetings if possible.

The next meeting will be a social meeting at which there will be a treasure hunt as the main attraction. A group consisting of Peggy Shipman, Carol Smithson, Claire Ryden and Carol Ruthbeck, were assigned to be responsible for hiding the articles for the hunt.

At the end of the meeting papers were handed out listing the things which the girls are required to know before getting their junior homemaker degree.

#### Sophomore Class Meeting

The Sophomore class meeting was held Jan. 6 in the cafeteria. According to the treasurer, David McGuire, the treasury now holds a balance of \$98.66.

A tentative date on March 9 was set for a spaghetti dinner. Some of the sophomore mothers are expected to volunteer to cook the meal. Along with the spaghetti will be served pie, cole slaw, milk and coffee.

Another money-making project in the offing is to sell beanies to the student to help finance the junior-senior prom next year. Linda Ruhle and Karen Miller are in charge.

The class will have two booths in the chorus carnival. One is to be a weight guessing booth and the other dart throwing. Larry Phifer is chairman of the weight guessing, assisted by Judy Eden, Linda Powers, and Roger Swart. In charge of dart throwing is Stan Barnett. His helpers will be Barbara Niemann, Gale Osborne and Wendell Anderson.

#### G. A. A.

**By Ruth Heimerdinger**  
The G.A.A. is planning new activities at the present. Plans are being made for bowling once or twice a week. As all the girls will not be able to take bowling, there will be recreational activities for them at school such as tumbling, table tennis, badminton, shuffle board and deck tennis.

On Friday, Jan. 13, during the eighth period, the G. A. A. girls were invited. At that time they also received their membership cards.

Plans are now under way for the eighth grade playday scheduled for April 23, to be held at Lincoln-Way. The eighth grade girls from all the schools in the Lincoln-Way district, fifteen in all, will be invited to come here on that day to be introduced to the G.A.A. There will be tours around the school and different sports activities in the gym with refreshments in the cafeteria. The co-chairmen, Janet Feil and Ruth Heimerdinger, are to appoint the committees needed to make the playday a success.

The G.A.A. handbook is being revised. Miss Sprayberry is on the committee to revise the points system and awards. She attended a meeting Saturday in Chicago at the Illinois High School association office. Later on there are to be other meetings in this area.

#### Number Lover's Corner

Did you find out who's on the ball team?  
Joe, pitcher; Harry, catcher;

Bill, shortstop; Bob, 1st baseman; Jack 2nd, baseman; Ed, 3rd baseman; Tom right field; Jim, left field; Frank, center field.

The second problem last week—How old was I? I was 47. The only years that are practical as perfect square roots are 1849 and 1936. Subtracting 1849 from 1936 gives 87, my grandfather's age when he died. In 1943 he would have been 94 so I would have been 47.

Try these:  
(1) Who has how much? This is the problem every tax official must face within the next few months. See if you can do it. If you can, you're headed for a fine career as an assistant tax commissioner.

Mr. Jones and Mr. Smith have the same amount of money. Mr. Jones, however, has more money than Mr. Brown, and Mr. Brown has more money than Mr. Robinson.

Another man, Mr. Carr, who has less money than Mr. Jones, but more money than Mr. Robinson, does not have as much money as Mr. Brown. Mr. Smith has less money than his friend, Mr. Stevens.

If the difference between the amount of money owned by each man is \$1250, and if the poorest man has \$5, how much does each man have?

(2) What number when divided by 4 gives the same result as when 4 is subtracted from it? (The number is small, below 10, and contains a fraction.)

#### Big Families Are In Style

It is now "the style" to have more babies, bigger families. Younger mothers are having more second, third, fourth and even fifth children than before. Farm women more so than city women. Farm women have three children, average; city women lag with an average of two. But the younger women, both city and farm, now have more children and plan on more.

### From "The Congressional Record"

Mr. Mason:

Mr. Speaker, tax relief at home or tax relief abroad is the choice facing this Congress today. It is not—as many of our leaders would have us believe—a choice between a balanced budget and tax relief. A balanced budget has already been achieved. A balanced budget was assured when we revised the federal tax code to provide a favorable tax climate for American business and American industry, so they might grow and expand. As a result of the expansion and growth that has already taken place we now have achieved the greatest national productive capacity, the greatest number of jobs available, the greatest amount of take home pay for American workers, and the most productive tax base that this nation has ever experienced. Not even during wartime have we reached the peak of prosperity we now enjoy. As a result of all this the federal treasury has collected almost \$2 billion more than our budget makers anticipated at the beginning of this year. So a balanced budget has already been achieved.

On the other hand, during the past 7 years the Congress has given away in foreign aid of one kind or another a little more than \$40 billion, and Uncle Sam has gone in the red during those seven years some \$40 billion, almost exactly the same amount that we have given away in foreign aid. If it had not been for our foreign aid program we would have had a balanced budget every year during the past seven years.

Mr. Speaker, today most European countries have balanced budgets. England, France, and Western Germany have balanced budgets. Today our European neighbors produce more goods of every kind than they ever produced in prewar days. They do this largely because of the rebuilt factories and the modern American machinery we have furnished them at the expense of the American taxpayer.

Today Europe also has a \$14 billion favorable balance of trade—a greater dollar balance to buy American goods with

than Europe has ever had at any one time in her entire history. The secretary of state, Mr. Dulles, under questioning before the ways and means committee, acknowledged this fact. Yet we continue to pour out foreign aid American taxpayers' dollars—to further bolster the economy of European nations. Every dollar of foreign aid we provide, whether economic aid or military aid, is a dollar less for the European taxpayer to pay. Isn't it about time for the European taxpayer to stand upon his own feet and provide for his own needs? Isn't it about time for this congress to think more about the American taxpayer and less about the foreign taxpayer? Is this foreign aid program to be like Tennyson's brook, "to run on forever?"

Mr. Speaker, American foreign aid today is being used to balance European budgets and to reduce European national debts; while Uncle Sam's budget has been kept unbalanced, and Uncle Sam's debt has kept on increasing. Does this make sense? Foreign aid today is a failure and a fraud. It should be cut off entirely. Today we have \$10 billion appropriated for foreign aid, most of which is unspent and unobligated. This

amount will provide for two more years of foreign aid. Why appropriate one dollar more for such a program? It is time to give our American taxpayers a break.

## CHRISTIAN SCIENCE CHURCHES

Why the spiritual qualities of

honesty, unselfishness, and obe-

dience are important to an un-

derstanding of Truth will be

brought out at Christian Science

services Sunday, January 22.

Scriptural selections to be

read in the Lesson-Sermon en-

itled "Truth" will include

Jesus' parable of the sower

and his explanation of its mean-

ing for his disciples (Luke 8).

Among the correlative pas-

sages to be read from "Science

and Health" with Key to the

Scriptures" by Mary Baker Ed-

dy is the following (272:3-6):

"The spiritual sense of truth

must be gained before Truth

can be understood. This sense

is assimilated only as we are

honest, unselfish, loving, and

meek. In the soil of an honest

and good heart the seed must

be sown; else it beareth not

much fruit, for the swinish ele-

ment in human nature uproots

it."

The Golden Text is from

Psalm (88:15): "Thou, O Lord,

art a God full of compassion,

and gracious, long-suffering,

and plenteous in mercy and

truth."

## Time Grows Short For Unregistered Aliens to Report

District Director Robert H. Robinson of the Immigration and Naturalization Service reminded all aliens in Illinois to-day that less than two weeks remain in which non-citizens must file their annual address report as required by law.

District Director Robinson said an estimated 35,000 aliens in Illinois have already complied with this requirement of the Immigration and Nationality Act of 1952.

The immigration official said that all aliens, except those in diplomatic status, and foreign representatives assigned to the United Nations must file such a report in January of each year.

He said aliens under 14 years of age and those for whom a legal guardian has been appointed should comply with the law by having parent or guardian file the address report.

The report form is available at the nearest post office or immigration and naturalization service office, and must be filed during January to comply with the law.

Failure to comply can mean fine, imprisonment, and/or deportation in the case of willful violations.

## Annual Bank Meetings Show Good Conditions

At the annual stockholders meetings of the banks in Frankfort, New Lenox and Mokena the same officers were elected. All banks reported a good business for the past year.

At the Frankfort bank, directors re-elected were: A. H. Krusemark, Herman Barlow, Alvin Brueggeman, Adam J. Heusner, Arthur C. Bauch, LeRoy J. Mager, George Tate, LeRoy Bettenhausen and Al Hochberger. Officers are: A. H. Krusemark, president; Alvin Brueggeman, vice president; and Al Hochberger, cashier-manager.

At the New Lenox bank, directors are: John Handorf Jr., Ernest Oram, Jr., Ceward W. Batson, Archie Corp. Sheldon W. Hauck, and Irvin Jensen. Officers are: John Handorf, Jr., president; Ernest Oram, Jr., vice president; Ceward W. Batson, secretary; Robert McCleary, cashier and Bernadine K. Warning, assistant.

Mokena State Bank directors are: Rose McMahon, Edward Martie, George Volk, Roy Kropp and Everett Cooper. Officers are: Rose McMahon, president; Edward Martie, vice president; George Volk, secretary; Everett Cooper, cashier and Lydia Baudry, assistant.

Almost 100 percent of the

stockholders were present at the Bremen State bank annual stockholders meeting last Thursday evening. Directors are: John C. Funk, William Funk, Harry Mager, Henry Vogt, Fred Hick, Melvin Keup, Ed. Henke and Richard J. Ryan. Officers are: Harry Mager, president and cashier; Melvin Keup, vice president and assistant cashier, and Mrs. Clara Studer, and Ralph Dahms also assistant cashiers.

The only bank in the area making a drastic change was the Orland State bank, which increased its capital stock from \$70,000 to \$140,000; went on record to sell the present bank building and site, and reported that the new bank building, corner route 45 and 143rd street is progressing nicely. The bank expects to move into it by June.

## L-W Board Calls Meeting to Discuss Tax Problems

The Lincoln-Way high school board which recently went on record as favoring creation of the post of a supervisor of assessments for the county as a means of improving the tax machinery, has called a meeting for Jan. 26 at the school for a public discussion of the entire tax problem. The meeting is scheduled for 7:30 p.m. and all the village and town officials, as well as the boards of the underlying school districts in Manhattan, New Lenox and Frankfort townships are invited to attend.

It was pointed out by a spokesman for the Lincoln-Way board that there is practically no change in the valuation for the district in the last assessment, despite the fact that there has been considerable building in the area.

The board isn't criticizing the assessors, the spokesman added. The board said sometime ago that the assessors received little compensation and did not have the funds to hire help. This condition, the board said, should be corrected.

### CAR OF THANKS

The Englehardt family wishes to express its deep gratitude for the unbelievable kindness of the people of Mokena, during the critical illness of Mrs. Englehardt; their telephone messages, cards, letters and offers of prayer were of great comfort in those anxious hours. To these wonderful neighbors who have done so much and to the Girl Scouts, who sent troop cards and individual cards and gifts, we again say a warm "thank you," but find words entirely inadequate.

### IN MEMORIAM

PFLEGER—August. In loving memory of our father and grandfather who died two years ago Jan. 2.

He did fail to do his best. His heart was true and tender. He worked hard for those he left.

And ever will be remembered.  
GENE VIEVE,  
MARK and LANA.

Mr. and Mrs. August Long, Mr. and Mrs. Earl Wolfgang, Mr. and Mrs. Edward Schenkel, Miss Donna Schenkel, Edward Reiter, and Mrs. Clifford Griffin attended the ice show and dinner in the Conrad Hilton hotel in Chicago Saturday evening to celebrate the birthday of Mrs. Long. Everyone enjoyed the show and dinner.

The WSCS of the Methodist church met last Thursday afternoon with Mrs. J. C. Nielsen. Mrs. Clida Deadmore had charge of the devotions and program assisted by Mrs. Leroy Harley and Mrs. Nick Thome. Mrs. Ralph Howell had the program. Letters of greetings were read from former members: Mrs. James Fassett stated they were having nice weather and that their daughter Coral was attending the Episcopal school; from Mrs. Warracut and Mrs. Darrell Manhart.

The society decided to buy 12 folding chairs for the church. A Bakery meeting was circulated at the meeting. Report was made from the sending of Christmas Cheer baskets. The next meeting will be held in the home of Mrs. John Balaz Feb. 9.

Mrs. Rudolph Englehardt who underwent surgery in Silver Cross hospital Jan. 3 returned home Tuesday where she is slowly improving. Miss Gertrude Englehardt who is teaching school in Clearwater, Fla., received a leave of absence from her duties and drove home Jan. 1. She returned to Clearwater Jan. 12 after it was seen that her mother was improving satisfactorily.

A son was born to Mr. and Mrs. Richard Breen of Mokena in Silver Cross hospital Jan. 12. Quite a few children are absent from school because of illnesses.

## SPORTS

### Sportabout

by JACK MAYPOLE

What does a top-ranking jockey do when he is not booting winners home?

In the case of the famous Willie Hartack, he goes water skiing.

We were reminded of that just before Christmas when news of Willie's return to the track at Hialeah, Florida, after 2 10-day suspension appeared in the papers.

Willie rode four winners on his return date thereby handing a windfall to the bettors who "rode the jockey" instead of the horse. This boosted his season total to 416 wins.

Having shown that imposed time off did him no harm, Willie announced that he would take time off on his own until the first of the year to take on a little water skiing at Cypress Gardens.

Willie became a familiar figure to Washington and Arlington park racing fans when he rode during the augmented Chicagoland season. It was then he was bitten by the water skiing bug.

It was our privilege to sell Willie his first water skiing equipment. He bought a 14-foot Switzercraft outboard runabout and a 25 horsepower outboard motor from us. We fixed up the latest in water skiing hitches for him and he loaded the equipment on a trailer and took off for the Chain O' Lakes.

Shortly after Willie left he was back again. Someone had stolen his motor before he could get into action. This didn't stop the little rider. He just bought another outboard.

All through last summer Willie hied himself to the lakes as soon as he could boot his horses around the track. There were those who said his eagerness to get back to the water skis helped him win. He got to be quite expert and now is where he can mingle with the champions.

Chances are that Willie's first act on returning to Illinois this year will be to rush to the lakes before the tracks as he should have plenty of new water tricks to show.

(Hear Jack Maypole over WJJD M-F at 8:40 a.m.)

# Knights Edge Lemont 41-40; Lose to Reavis

## Rams' Peldzus Just Too Much for Lincoln-Way

The Lincoln-Way Knights eked out a hardfought 41-40 win over Lemont Friday evening before a riotous throng of victory-starved fans. Both crews went into the contest with but one victory and both teams refused to admit the other was better down to the last second.

The Knights found the basket almost impossible to hit in the first quarter but the Lemont men found it even harder to defend. This state of affairs gave L-W an 11-5 bulge to work on going into the second period. They quickly lengthened it to 15-5 before Lemont went into action and closed the lead to 15-12. Lincoln-Way held a scant 19-17 halftime lead.

Lemont was quick to tie the score in the third period and then on the fourth quarter, the difference was never more than three points. Mark Schellenberg provided a climatic finish by stepping to the foul line twice in the last minute with Lincoln-Way leading by one point, and dropping both shots to ice the game for the Knights. The Lemonters made a gallant attempt as Waugh dropped a 15 footer with 5 seconds to go but it was too late and the Knights secured their second win of this season 41-40.

Waugh led all scorers with 17 points and Mark Schellenberg came next with 14 markers. However, on the following evening, the Knights went into reverse gear and were whipped badly 68-32 by Reavis. Dick Peldzus, the Ram's sharpshooter, blasted the draperies for 35 points which would have been enough to overcome Lincoln-Way alone.

Lincoln-Way was not completely out of the game even after three quarters but the Rams really poured it on in the fourth period, outscoring the Knights 23-4. Peldzus poured 13 of his collection through in this rather embarrassing stanza.

The Lincoln-Way frosh-soph squad enjoyed a very successful week end as they tripped Lemont 37-33 and massacred Reavis 51-30. The little Knights have now compiled a 5 won, 6 lost slate and with Friday's game with Evergreen Park coming up, chances are better than average that they will even up their record.

Both of the week-end matches were highlighted by the fine marksmanship of Henry Jensen as he piled up 21 and 25 points respectively.

The Lincoln-Way squad opens the weekend's festivities here tomorrow evening against the winless Evergreen Park crews and then journey to Morris Saturday night. Both teams piled up decisive victories over Evergreen on their previous meeting and the Mustangs are eager for revenge. It should make for an outstanding evening's entertainment for the huge throng which is expected at the Lincoln-Way gym Friday night.

## Frankfort Pony Squad is Victor, Heavies Lose

The Frankfort grade school basketball teams split a double-header with Manhattan last Thursday night in a conference game played at Frankfort. Both teams are in the Des Plaines Valley conference.

The Frankfort pony squad won easy—27 to 6. Coach Le Roy Wright pulled his first string out when he saw what was going to happen and had everyone on the squad in before the game was over.

The heavyweight game went to Manhattan, 45 to 32. It was a close contest the first quarter, which ended with Manhattan on top 10 to 6. After that it was all Manhattan.

Frankfort will play at Elwood tomorrow night in a conference game.

The win last week was the fifth straight for the Manhattan heavyweights as against no defeats which leaves them in undisputed lead of the conference. Mokena and Laraway are tied for second place with 3 wins and two losses. Frankfort is next with two wins and three defeats, followed by New Lenox who has one win and four losses. Elwood is on the bottom—no wins and five defeats.

Mokena leads the lightweight division with five victories and no defeats. Laraway is next with a 4 and 1 record and Frankfort third with 3 and 2 and New Lenox fourth with 2 and 3.

## Bremen Makes Strong Try But Those Rockets are Too Tough

The Bremen high Braves were handed an 84-67 loss by the Rich Rockets, defending conference champs, on the Bremen court Friday night, Jan. 13.

With Bill Lindsay counting 12 points in the opening quarter, the Braves held a momentary five point advantage, 22-17.

A 24 point second stanza put the Rockets out in front, 41-33, at intermission.

Cutting the Rich lead to five markers midway through the third frame, the Braves once again overpowered by a Rocket

## Mokena Grade Fives Split With Laraway

The Mokena lightweights sputtered and stalled for three quarters Friday the 13th, but were finally able to shake a stubborn Laraway team in the fourth period to nail down their fifth straight conference victory. The win enabled the lights to remain undefeated and all alone in first place. The loss was the first in league play for Laraway and dropped them into second place in the standings.

The game completed the first half of the schedule for all teams.

The game began as a very low scoring contest and Laraway led at the quarter 4 to 2. It was not until shortly before the half that Mokena was finally able to go ahead to stay, but only by a 12 to 8 score. Laraway continued to make a game of it as Mokena could only add 2 points to their lead and as the fourth period began the score was 20 to 14 and very much in doubt. Sparked by Ford's revival and Schuldt's consistent work, however, Mokena gradually pulled away until they had a 10 point lead with two minutes remaining. With victory assured reserves finished the game. Allen Schuldt lead both teams with a total of 16 points and without his fine all around play it is doubtful whether victory could have been achieved.

Mokena's heavyweights were not as successful as the lights. The spirits that dictate ill-fortune on Friday the 13th seem to have covered Mokena's basket with glass because the ball refused to go in and Laraway won a very hard fought game 32 to 26. Mokena trailed the entire game although just before the close of the 3rd period they were able to cut the margin to 20 to 18. The size of the Laraway center was responsible for Mokena's inability to control the rebounds. Mokena pressed in the second half but time after time certain baskets seemed to jump out. The loss dropped Mokena to third place with a standing of 3 wins and 2 losses.

The Bremen high Braves were handed an 84-67 loss by the Rich Rockets, defending conference champs, on the Bremen court Friday night, Jan. 13. scoring surge and trailed 63-51 at the end of the quarter.

In the final period, the Rockets maintained their unblemished conference record by outscoring the Bremen Quintet 21-16 for a decisive 84-67 victory.

Bill Lindsay, Brave guard, captured the spotlight as he dumped in 38 points and sparked his team's play with his dazzling floorwork and defensive maneuvers.

Bremen faces Lincoln-Way in a conference tilt on the home court Friday evening, Jan. 27.

## Braves Lose to Reavis Matmen, Trounce Oswego

Following a 22-18 setback to Reavis on Jan. 12, the Bremen high wrestlers bounced back to shellack the Oswego Cardinals, 36-8, at Oswego last Saturday afternoon, Jan. 14.

In chalking up their sixth win in nine starts, the Braves dropped only two of twelve bouts.

Jack Ruiter, undefeated in nine contests, scored his most impressive win of the campaign as he decimated Al Wheeler, 1955 Illinois state champion in the 103 pound class, 7-5. Up to this point, Wheeler had a string of eight victories—seven on pins.

Also maintaining an unblemished record was Mack Jerkatis who made it nine in a row by winning easily over Bob Smith. Bremen's sole pin was garnered by Bob Fiddler.

Gaining decisions for the Braves were Jim Gruhn, Joe Ciserella, Norm Scharlau, Geo. Avellano, Jack Unzicker, Joe O'Brien, and Ed Teichman.

In the Reavis match an injury to Earl Willey, 145 lb. wrestler, proved costly as the bout had to be stopped and the Rams were awarded an all important five points. This accounted for their slim margin of victory.

Trailing 4-2 in the final period, Joe Ciserella, Bremen 112 pounder, turned the tide by scoring a takedown and a near fall for a 6-4 decision.

Jack Ruiter and Mack Jerkatis continued their winning ways as they chalked up their eighth consecutive wins in as many starts. Both lads gave impressive performances in subduing their opponents.

Featherweight Oda Drake showed continued improvement as he gained the nod in a 95 pound tussle.

A takedown and reversal netted George Avellano, 133 lbs., a 4-0 win. In a 154-lb. struggle, Bob Fiddler captured a 6-2 decision.

Bremen pits its strength against Morgan Park Military academy squad in an non-conference clash on the Braves' mats tomorrow night at 7 o'clock.

## Sandburg Quint Takes 2nd Place in Conference

The Eagles cagers of Coach John Jorstead took over undisputed 2nd place in the Southwestern Suburban conference by defeating Oak Lawn, on the Spartans floor by a score of 55-44.

Don Gee did his usual good job of rebounding and led the scoring with 7 field goals scored of 16 shots attempted, and he hit on 6 of 7 free throws attempted, giving him a total of 20 points. Ron Weingartner added 19 points by hitting 8 of 20 field goal attempts and 3 of 4 free throws attempted. Weingartner also did a fine job of rebounding. Collier was the leading scorer for Oak Lawn with 16 points.

The Eagles had almost a perfect night from the free throw line, missing only 2 of 11 gratis shots attempted.

Tomorrow night the Eagles will play Bremen, at Sandburg, in a conference game, and Saturday night they will travel to Peotone for a non-conference game. Against Peotone, the Eagles will be out to avenge the 57-51 defeat at the hands of Peotone in the finals of the Crete-Monee Holiday tournament. Gee and Weingartner were the two leading scorers in the entire tournament.

## Verbal Scoring in L-W Faculty -- Dances to Open Lions, Cage Tilt May Set Record '56 Farm Games

Whether the basketball game between the Lions club of Frankfort and New Lenox and the male faculty members of Lincoln-Way high school produces any baskets is something that cannot be determined until the night of Jan. 28, but if the tally comes up to advance claims the score will be tremendous.

Both sides are taking an excellent game. The Lions squad, coached by Dr. L. M. Webb, county veterinarian and one-time player, contains a number of men who were once good basketball players and insist they are still Whiz Kids.

A glance at the roster shows that while some still claim hourglass waists, they have bulged a bit.

"The Roaring Lions are working on a pressing man to man defense which they will employ against the Lincoln-Way faculty," says a Lions press release.

"After the first quarter," replied a spokesman for the faculty after being informed of the Lions statement, "that's 'Roaring Lions' stuff will be out, and they will be wishing they had some of the wind their press agent has now."

"Yes sir, by the end of the first quarter they will be lucky to have enough breath to whisper and as for the 'pressing man to man defense'—ha! A silent zone will be more like it."

Coach Webb said his "boys" have been hitting the basket with uncanny skill but did not say whether the ball just hit the basket or dropped thru the netting.

The faculty squad doesn't have as much depth on the bench as does the Lions, but claim that what they lack in number is more than compensated by quality. They hope to have A. Hunter Chapman ready for play this year, if they can get him away from meeting long enough to get in some practice, and they also have added

a player in the person of Kenneth Kinney.

The faculty won last year and are hopeful of repeating this time.

Proceeds from the game will be turned over to the athletic department of Lincoln-Way for the purchase of parkas for the school's football team.

The game will be preceded by a curtain raiser between all-star grade squads that will pit a team made up of New Lenox and Manhattan youngsters against one drawn from Frankfort and Mokena.

Also as an added attraction will be the Lions cheerleaders, Vicki Lambrecht, Phyllis Dralle, Joyce Petuch and June Nieland, all of whom appeared in such roles when they were in school.

The Lincoln-Way Rhythm Knights will appear during intermission.

The two squads are made up of the following:

Lions

Merle Otto, Claude Otto, Joe Petuch, Roy Phifer, Wendell Morrison, Paul Stockley, Dean Mangun, Martin Gleason, Frank Goetschel, Ron Wondrasek, Don Wennlund, Burton Breidert, LeRoy Mager, Howard Osmus, Paul Lambrecht, Earl Moss, Orval Schroeder, Ralph Nieland, Roy Fredin, J. A. Peterson, Irving Rudman, Don Fresh, Bud Huttenhoff, Al Bettenhausen, Al Krusemark, William Heidrich, and Roy Fitzer.

L-W Faculty

Al Buckowich, George Burrow, Earl Dieken, Charles Ellermann, Neil Hardy, Dick Keeley, Kenneth Kinney, Joe Kruzich, Joe Rudman, Don Fresh, Bud Huttenhoff, Al Bettenhausen, Al Krusemark, William Heidrich, and Roy Fitzer.

## Eagle Grapplers Defeat Noll But Lose Match to Riverside

The grapplers of Coach Joe Devine of Carl Sandburg lost to Riverside of Brookfield, there, on Tuesday, Jan. 10, by a score of 27-19.

Winners for Sandburg by falls were: Pfersdorf and Dumney. Winners by decision for Sandburg were Janulis, Liston, and Blaha.

The Eagles brought their season's record back to a .500 percentage by defeating Bishop Noll at Hammond, Indiana, on Thursday, January 12, for their 7th win of the season, by a score of 31-20.

In the Bishop Noll match John Janulis, Co-Captain Bill Pfersdorf, and Frank Liston each won their 6th straight match. Co-Captain Bob Blaha won his 4th straight. Dumney, W. Semetis, and Borree also won for Sandburg. Pfersdorf, W. Semetis, Borree, and Dumney all won by falls.

For the season, Janulis and Pfersdorf have each won 11 matches, Liston and W. Semetis 10 each, and Dumney 9.

Sandburg's frosh-soph wrestlers won their first match of the season by defeating Bishop Noll 21-20.

Winners for Sandburg were: Gibson, Paul Johnson, Larry Semetis, Bill Brozovich and Fred Heiy. Going into the last match (Heavyweight), Bishop Noll was leading, but Fred Heiy's win brought the deciding points and a one point victory to the young Eagles.

Guess who said:

**"What's so hard  
about hanging up  
a wash?"**

**Let an ELECTRIC Dryer do the work on washdays—**

Electric heat's the cleanest, fastest, dryest heat there is...and electric dryers cost less!

As most husbands eventually discover, hanging up an average family laundry (87 lbs. of wet wash) is WORK.

But drying heavy, wet wash is quick and easy with an electric dryer. Just load it up, set the controls and your clothes dry automatically in minutes.

Your electric dryer is ready day or night, good weather or bad. And controls are so accurate you can dry the most delicate fabrics without a worry.

Electric heat is cleanest. Faster, too, because it's the *dryest* heat. Clothes dry soft and fluffy, sweet and fresh.

You can own an electric dryer for less than \$2 a week! Installation is little in any home with good wiring.

**Electric Dryers Cost Less—no outside vent needed. Fully Automatic—no igniting devices necessary.**

Save important money with new share-the-cost installation plan. If you need new wiring to install an electric dryer, we share the cost with you. Qualified home owners can cut this expense by about half. And you get more than a money saving! The modern wiring that goes with your dryer installation helps improve your TV picture, brightens lights, makes everything electrical work better. And you can install an electric range, water heater or air conditioner (that requires a 240-volt circuit) quickly and cheaply. The Plan is now available on terms of up to 2 years. Your appliance dealer has details.
